

Global Standard Setting Since 1880: Hagley Library Studies in Business

The Hagley Library Studies in Business series publishes original research on the history of business and the economy. The series is based on the collections of the Hagley Museum and Library, which include over 100,000 books, 45,000 linear feet of archival manuscripts, and 200,000 images related to the history of American business and technology.

The Hagley Library Studies in Business series has been publishing since 1954, and has published over 50 volumes to date. The series has a wide-ranging scope, covering topics such as the history of accounting, advertising, banking, consumerism, corporate governance, entrepreneurship, industrial relations, labor history, marketing, and technology.

Engineering Rules: Global Standard Setting since 1880 (Hagley Library Studies in Business, Technology, and Politics) by Billy Walsh
