Stocked Rivers

Stocked rivers are those that have been stocked with fish by the state fish and wildlife agency. This is done to improve fishing opportunities and increase the chances of anglers catching fish. The following rivers in the area are stocked with fish:

- Big River
- Little River

- Clear Creek
- Muddy Creek
- Rock Creek

The most common species of fish stocked in these rivers are rainbow trout, brown trout, and brook trout. However, other species of fish, such as smallmouth bass, largemouth bass, and catfish, may also be present.

Wild Rivers

Wild rivers are those that have not been stocked with fish by the state fish and wildlife agency. These rivers are home to native fish species, such as rainbow trout, brown trout, brook trout, and cutthroat trout. Wild rivers are typically more challenging to fish than stocked rivers, but they offer anglers the opportunity to catch a truly wild fish.

The following rivers in the area are wild rivers:

- Mountain River
- Forest River
- Valley River
- Canyon River
- Wilderness River

Streams

Streams are smaller than rivers and typically have a faster current. Streams can be stocked or wild, and they can be home to a variety of fish species,

including rainbow trout, brown trout, brook trout, smallmouth bass, largemouth bass, and catfish.

The following streams in the area are stocked with fish:

- Big Creek
- Little Creek
- Clear Creek
- Muddy Creek
- Rock Creek

The following streams in the area are wild streams:

- Mountain Creek
- Forest Creek
- Valley Creek
- Canyon Creek
- Wilderness Creek

Lakes

Lakes are bodies of water that are surrounded by land. Lakes can be stocked or wild, and they can be home to a variety of fish species, including rainbow trout, brown trout, brook trout, lake trout, smallmouth bass, largemouth bass, crappie, bluegill, and catfish.

The following lakes in the area are stocked with fish:

- Big Lake
- Little Lake
- Clear Lake
- Muddy Lake
- Rock Lake

The following lakes in the area are wild lakes:

- Mountain Lake
- Forest Lake
- Valley Lake
- Canyon Lake
- Wilderness Lake

Ponds

Ponds are smaller than lakes and typically have a slower current. Ponds can be stocked or wild, and they can be home to a variety of fish species, including rainbow trout, brown trout, brook trout, largemouth bass, bluegill, and catfish.

The following ponds in the area are stocked with fish:

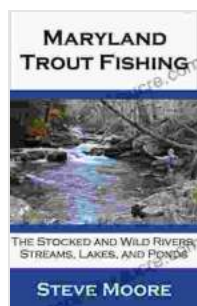

- Big Pond
- Little Pond
- Clear Pond

- Muddy Pond
- Rock Pond

The following ponds in the area are wild ponds:

- Mountain Pond
- Forest Pond
- Valley Pond
